

ERASMUS – POLISH LANGUAGE COURSES

In order to **learn the Polish language** you could take advantage of the **EILC courses** (information: http://ec.europa.eu/education/erasmus/doc902_en.htm); please contact your National Agency in this matter.

Regardless of the above we are going each year to offer (for the I semester student mainly) a **Polish language course arranged by our University**. Do not hesitate to contact us; it must be confirmed.
